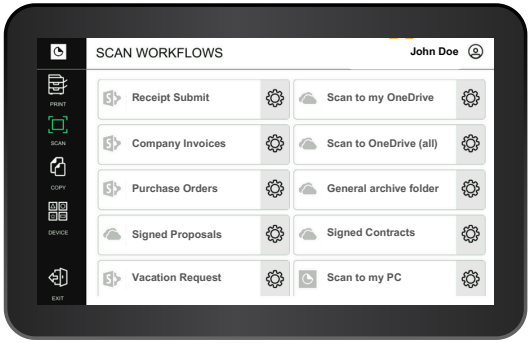
OptimiCapture

OptimiDoc

Smart, Simple, and Secure Document Scanning

Why OptimiCapture?

- **Save Time & Reduce Errors** with AI-powered automation
- **Work Anywhere** – scan, process, and share on-site or remote
- **Boost Collaboration** – secure cloud sharing instead of email chaos
- **Seamless Integration** – Connect Microsoft or Google environments with your MFPs



How Does It Work?

3 steps, but just 1 of them is **manual**.

Scan → automatic Processing → automatic Routing

Who Benefits?

Schools → Digitalize exams, student files, consents
Corporate → Speed up invoicing, contracts, HR paperwork
Government → Archive requests, citizen forms, workflows
Healthcare → Scan medical reports, insurance, patient files

Why OptimiCapture Stands Out

- Works with **hundreds of MFP models**
- **Centralized management** from a single admin portal
- **Hybrid work–ready** with mobile app & cloud support
- **Single Click** instead of hours wasted by manual work

Core Advantages

AI Data Extraction
capture names, dates, invoice numbers, IDs

OCR & Zonal OCR
searchable PDFs, editable Word/Excel

Barcode Recognition & Bulk Separation

Security Tools
redaction, encryption, digital signatures

Cloud & System Integration
OneDrive, SharePoint, Google Drive, Dropbox, Box, FTP, Email

Single Sign On
Just 1 press of a button will scan directly to Cloud
